**Abadie's
Dry Cleaning**

Did you ever try washing a garment in gasoline? Result was disappointing, wasn't it? Spots came back—article did not look or feel clean.

That was because you thought gasoline was a "cure all" for spots. As a matter of fact, gasoline is used sparingly here. Every fabric and every article requires different treatment—just as you know that plumes and rugs cannot be cleaned by the same method.

Entrust US With Your Cleaning

A most ingenious method is used in cleaning heavy drapes—our plume expert will delight you—your clothing will stay clean twice as long, look and feel better than if cleaned by any other method.

**CYRIL SCOTT AND MARTA GOLDEN
HEADLINERS OF BILL AT POPULAR**

Another Installment of "Perils of Pauline" and New Pathe Weekly Complete Card

Cyril Scott, who won great stage triumphs in "The Prince Chap," "The Lottery Man," "Royal Mounted" and other famous plays, is presented by the Famous Players Film Co. in the popular novel by Louis Joseph Vance, "The Day of Days," as one of the many features of the Popular theater bill for next week.

Cyril Scott enacts the role of a young bookkeeper named Percival who doesn't know what an adventure is until he suddenly becomes involved in a series of thrilling heroics. Percival becomes the hero of a chain of circumstances that stop only where man's imagination can go no further.

From a peaceful and humdrum life Percival plunges into the maelstrom of metropolitan intrigue and adventure. He aids an heiress escape a villain, finds a card in the villain's hat that sends him to a notorious gambling house where he breaks the bank and where, later, an attempt to rob him is frustrated by a timely raid. He effects his escape in the clothes of one of the officers, finds himself in a woman's bedroom, explains his presence by telling her he is after a burglar, breaks his way out and turns up again in a secret dive; re-escapes in time to discover the villain's plot to abduct the heiress, confronts the villain in disguise at a fancy ball, rescues the heiress a second

time, becomes involved in a fight with the villain's hired men, forces his way out into a garage, dashes through the garage door with the heroine and makes his way to an auto and liberty and finally thwarts the villain's schemes by marrying the beautiful heiress just as the clock denotes the end of the "Day of Days." The story may be summed up as an extravaganza of metropolitan adventure.

**ROLLER SKATING PROVES POPULAR
DIVERSION AND DRAWS ONLOOKERS**

Roller skating is popular in Honolulu. This was amply proved by the large throng gathered at the new rink for the opening last night. Couples to the number of 250 enjoyed the pleasure of gliding on the little wheels around the highly polished maple floor, and more than 500 occupied the seats provided for onlookers.

The evening's entertainment ran with a smoothness that was considered remarkable for the opening night of the mammoth institution. Usually there are numerous little hitches that prove annoying to patrons and management, trifles that must be straightened out as they assert themselves. In the present instance, however, this was entirely lacking. Sufficient attendants had been provided to care for the wants of the large gathering. New skates had been provided and clockwork was the order of the evening.

Manager Jack Le Clair expressed himself as well pleased with the outlook for the venture into which a large sum of money has been put, and stated that he anticipated a most successful skating season, in addition to the other entertainments which he proposes to install in the building from time to time.

Next Wednesday evening it is proposed to give a large dance on the floor, which is in excellent condition, while it is the intention of Mr. Le Clair to erect a portable stage and

**TO PUT ON FLESH
AND INCREASE WEIGHT**

A Physician's Advice. Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump chunky folks eat very lightly and keep gaining all the time. It's all bosh to say that this is the nature of the individual. It isn't Nature's way at all.

Thin folks stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffed won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building elements known to chemistry. It is absolutely harmless, yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week.

throw motion pictures across the screen for the edification of skaters and spectators. At a later date he anticipates the introduction of some good theatrical talent in the big rink.

That the new and welcome addition to the Honolulu amusement field will prove a success from every angle the management is entitled to believe. Provided rowdiness is kept down, and there is every assurance that it will be, the Honolulu Skating Co., Ltd., should get a good share of the amusement patronage of the city.

**R. W. BRECKONS
RECALLS A PAIR
OF 'GOOD' LAWS**

Legislation of Days Agone Is Recalled By "Boys" Who Cast First Vote Many Years Ago

"I'm going to see that a resolution is introduced in the next legislature asking Congress to let the territorial legislature have jurisdiction in the matter of woman suffrage," remarked Attorney R. W. Breckons at the meeting of the liquor license commission yesterday afternoon. "I think the women of the islands should have the ballot."

"If you do that you'll surely be the fair-haired boy with the ladies," commented the Rev. J. W. Wadman.

"I remember when the first legislature of the state of Wyoming convened," continued Breckons, growing reminiscent. "Two remarkably good laws were passed. That was away back about 1868. One gave women the right to vote and the other legalized gambling."

"Well, times certainly have changed, right here in the islands," hastily remarked License Inspector W. P. Fenell. "Why, when I came here 20 or 30 years ago they had a curfew law for women. They rang a big town bell at 9 o'clock every evening, and no woman was allowed on the streets after that bell rang."

"Yes," retorted Breckons, "but that was AFTER you came here, Billy." The inspector withdrew from the conversation.

**THE CHARM
OF MOTHERHOOD**

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

There was withdrawn from the sub-treasury \$1,151,000 in gold for shipment to Canada.
